# About Aging & Disability Services

The following statistics are provided to the Department of Public Safety from the Nevada Aging and Disabilities Services Division (ADSD), Adult Protective Services (APS). Effective July 1, 2019, Aging and Disability Services Division received legislative authority to receive and investigate reports of abuse, neglect, exploitation, isolation or abandonment for vulnerable persons, age 18-59, in addition to persons 60 years and older, collectively referred to as vulnerable adults. Adult Protective Services serves all of Nevada.

Substantiated and unsubstantiated incidents reported are considered. These figures are published exactly as Aging and Disabilities Services Division presents them to the Department of Public Safety.

Note: Totals in the various categories may not match because of the variations of number of alleged offenders for each victim and the possibility that one victim could have sustained multiple types of maltreatment.
